## COR T

**Corrosion Inhibitor**

### Product Description
COR T is an effective water soluble corrosion inhibitor and bacteriostatic for water based workover and packer fluids.

### Typical Physical Properties

<tr>
<td>Specific gravity</td>
<td>1.0 – 1.04</td>
</tr>
<tr>
<td>Flash Point</td>
<td>&gt;212°F (100°C)</td>
</tr>
</tbody>
</table>

### Application
COR T provides corrosion protection for oil and gas industry applications. COR T is effective in water based mud and completion workover fluids. It is compatible with non-ionic, cationic and some anionic materials.

### Recommended Treatment
Treatment level ranges between 3 and 7 kg/m³ of fluid to be treated. Since COR T is absorbed on the active solids in the drilling fluid, bench tests are advised before addition.

### Toxicity and Handling
Handle as an industrial chemical, wearing protective equipment and observing the precautions described in the Material Safety Data Sheet (MSDS).

### Packaging and Storage
COR T is packaged in 5-gal (18.9-L) cans and 55-gal (208-L) drums. Store in a dry location away from sources of heat or ignition, and minimize dust.
